<h2>food prep & storage</h2>  <p>Veggie and Fruit Scrub Cloth Scrubby side quickly cleans produce and soft side polishes.</p>								
<h2>kitchen</h2>  <p>Counter Cloths  OEKO-TEX® The absorbent popcorn weave replaces paper towels to wipe up spills.</p>								
 <p>Channel Textured Kitchen Cloths and Towels  OEKO-TEX® The channel weave is specially designed to pick up messes and dry hands, dishes and more.</p>								
 <p>Diamond Textured Kitchen Cloths and Towels  OEKO-TEX® The diamond weave is specially designed to pick up messes and dry hands, dishes and more.</p>								
 <p>Stainless Steel Cloth  OEKO-TEX® The extra-tight, flat weave of this cloth quickly gets stainless steel and other metal appliances streak-free and gleaming. <i>Test on an inconspicuous spot before using on surfaces with special coatings.</i></p>								
 <p>Dish Cloths The netted weave is great for cleaning dishes, sticky counters and more. Rinses clean and dries quickly.</p>								

how to care for your microfiber

- Machine washing and drying are recommended prior to initial use. Rinse slightly dirty microfiber cloths under warm, running water and hang to dry** or drop into the dryer.
- Launder microfiber cloths separately or with other lint-free laundry. Dry completely.
- For best results, use a laundry detergent that's free from fillers, like a Norwex laundry detergent.
- Do not use bleach. Do not use fabric softeners or dryer sheets when laundering microfiber; they coat the fibers and reduce their ability to clean effectively.
- For an even deeper clean, use Microfiber Cleaner Laundry Booster.
- Do not use microfiber (except Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

**When air drying, always hang to dry, as leaving darker colours of damp microfiber on countertops may stain the surface.
