

Features ActivePure® Technology proven to reduce viruses, bacteria, and other pathogens (full list of tested pathogens available below in “The Proof”)

THE TECHNOLOGY

The Vollara Rechargeable FreshAir Mobile is a portable air purifier intended for the reduction of contaminants in the air and on surfaces in smaller indoor and personal spaces. Ideal for travel, work stations, small offices, and vehicles. Patented ActivePure Technology is an advanced surface and air purification technology.

ActivePure Technology does not replace the need to follow public health guidelines and should be used as complementary technology.
